**Written under Section 444 Uniform Civil Procedure Rules**  
**RE: Disputed property**

**Applicants Complaint:**

That you have been keeping the motor vehicle red Toyota Sedan registration QUO433 with the GPS navigation system NAVMAN hidden and are not prepared to make it available for collection and return to me.

**Relevant facts:**

The Plaintiff has left a letter in your letter box seeking the return of the motor vehicle and you have not responded

**Relief sought:**

The Plaintiff will seek from the court an order that you make the vehicle available for the plaintiff to pickup.

**Why the applicant should have the relief:**

This vehicle was loaned to you while I was in hospital and did not need it. This vehicle was never given to you and verifying this is the fact that no attempt was made to do a vehicle transfer. I now am able to drive this car again and wish to commence a normal life driving myself to the doctor and elsewhere as necessary.

**Nominated time:**

I nominate the date by which you must reply to this letter before I formally make an application to the court as being 14 days from today's date being the 13<sup>th</sup> day of March 2004.

This letter is **written under Section 444** of the Uniform Civil Procedure Rules

Yours faithfully
